

Jeans Finishing Machines

C3DBBQF 3D BBQ Flexi

Machine for achieving used and vintage worn look by applying chemicals over specific zones on denim and curing by heat for permanent results.

- Ergonomically designed
- Fast and easily handled, requires only one operator
- Improves material quality

- Automatic 180/360° Turning (standard equipment)
- Groin twisting (standard equipment)
- Manual air inflator (standard equipment)
- Automatic Air Deflator (standard equipment)
- Automatic Movement to Front (standard equipment)
- Changeable leg adaptors (spare)
- Adjustable Waist Size (standard equipment)
- Special controllable heating system with 2 separate heating zones, front and back-knee (standard equipment)
- Controllable process duration and audible completion warning (standard equipment)

Mobile storage hanger (spare)

Technical Specifications	
Overall machine height	245 cm.
Overall machine width x depth	220 x 227 cm.
Overall machine weight	500 Kg.
Processing Air Requirement	6 Bar
Power Consumption	16 kw
Electrical requirement	380V AC 50 Hz
Production Rate	200 pcs. / 8 hrs.
