

## C3DRWC 3D Regional Wire Crinkle Machine (Double Station)

Machine for permanently pattern creasing specific zones on woven cotton fabric.

- Ergonomically designed
- Fast and easily handled, requires only one operator
- Improves material quality

- ★ Pocket Area
- ★ Heel Area
- ★ Back Knee Area
- ★ Limited to your imagination!

### Variable Heat control (Optional)

Optional variable heat control can be added for extensive control.

### Variable Duration control

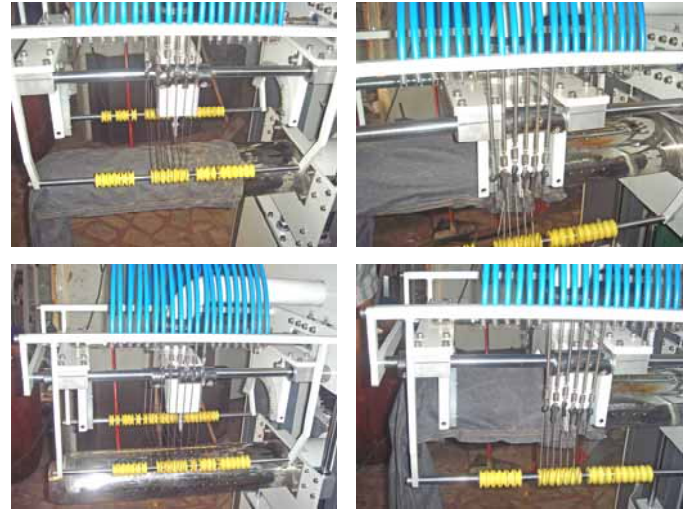

Length of time is fully controllable for achieving desired creases.

### Variable Pressure control

Variable pressure can produce unlimited crease designs.

### Adjustable Crease Pattern control

Crease designs can be altered easily by changing the wire configuration.

Technical Specifications	
Overall machine height	185 cm.
Center Column width x depth	85 x 85 cm.
Overall machine width x depth	155 x 155 cm.
Overall machine weight	250 Kg.
Processing Air Requirement	6 Bar
Heat Control System (optional)	P.I.D. Control
Heat Range	0 - 100° Centigrade Degrees
Power Consumption	4 Kw
Electrical requirement	220V - 240V AC 50Hz
Production Rate	500 pcs. / 8 hrs.
