

CRCM3D Regional Crinkle Machine +3D

Machine for permanently creasing specific zones on wovnen cotton fabric.

+3D Feature adds a more smooth design if needed.

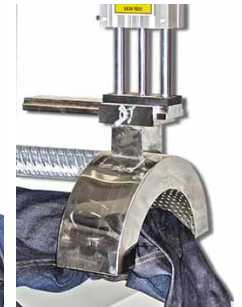

- Ergonomically designed
- Fast and easily handled, requires only one operator
- Improves material quality

★ Pocket Area

★ Heel Area

★ Back Knee Area

★ Limited to your imagination!

Normal crinkle operation for sharp creases

3D crinkle operation for smooth results

Technical Specifications	
Overall machine height	77 cm.
Overall machine width x depth	78 x 140 cm.
Overall machine weight	80 Kg.
Processing Air Requirement	6 Bar
Crinkle Pressure	0 - 3.2 Kg/cm ²
Heat Control System	P.I.D. Control
Heat Range	0 - 240° Centigrade Degrees
Power Consumption	1+3=4 Kw
Electrical requirement	220V - 240V AC 50Hz
Production Rate	500 pcs. / 8 hrs.

Variable Heat control

Variable heat control is a must for achieving different affects.

Variable Duration control

Length of time is fully controllable for achieving desired creases.

Variable Pressure control

Variable pressure can produce unlimited crease designs.

Adjustable Crease Length control

Crease designs can be altered by variable crease length control.
